

Minto-Mapleton Family Health Team

Chronic Disease Management and Prevention Nurse Full-Time Permanent

The Minto-Mapleton Family Health Team (FHT) provides team-based primary care services to over 15,000 patients with office locations in Drayton, Palmerston, Clifford and Harriston. Due to a recent retirement, the FHT is recruiting a Registered Nurse who is passionate about chronic disease management and prevention and is a strong team player. The RN requires advanced skill in formulating clinical decisions while appropriately managing chronic illness and promoting wellness in individual patient and group settings. This is an exciting position with considerable variety and a supportive work environment. The FHT offers an attractive compensation package and HOOPP.

Requirements

- Baccalaureate of Science in Nursing
- Current registration with the College of Nurses of Ontario
- Demonstrated expertise and experience in chronic disease management, specifically cardiac, pulmonary and diabetes care
- Proficiency in using Telus PS Suite EMR considered an asset
- Strong work ethic and ability to contribute positively to the FHT's team culture
- Valid Ontario Driver's Licence and access to own reliable vehicle
- Police clearance documentation and up to date immunization status
- Keen ability to prioritize time effectively and show flexibility in a busy work environment

A detailed job description is posted on the FHT's website under the **Careers** section at www.mmfht.ca. Interested candidates should electronically submit a cover letter and résumé in pdf format by **November 12, 2018** to:

Shirley Borges, Executive Director
Minto-Mapleton Family Health Team
11 Andrews Drive West
Drayton, ON N0G 1P0
Email: sborges@mmfht.ca

Only applicants selected for an initial interview will be contacted for this posting.

The MMFHT welcomes applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.
